include new grays, burnished browns, navy blues and a greater use of olive and green shades.

With the variety in colors in men's and boy's clothing some help is needed in combining them effectively. The American Institute of Men's and Boy's Wear has given helpful suggestions along these lines.

With the medium gray suit, use a gray and white striped shirt and a tie. The olive gray suit suggestion is a blue or gray oxford shirt with blue and green red striped tie.

Colors other than silver and gold are being suggested for jewelry this year for the men. Cuff links and tie clasps in pearl and silver, gold and black, blue stone, gold and garnet, and turquoise will be seen.
